AI BLOGNEST API

Communication

Presentation flow and team coordination

TEAM ID	SWTID 2026-5569
TEAM SIZE	5
TEAM	Nithesh D (Leader); Madhan P; Poovrasan K; Duraisamy M; Praveen Kumar R
DATE	30 September 2026

Purpose

Explain how authentication supports blog operations and how Gemini helps generate and summarize content.

Suggested speakers

• Nithesh D: introduction and project scope.

• Madhan P: architecture and project folders.

• Poovrasan K: authentication and profile.

• Duraisamy M: blog operations and categories.

• Praveen Kumar R: AI generation, summarization, and conclusion.

Delivery

Show request methods/URLs, sample JSON inputs, response status, and output. Avoid revealing tokens, passwords, or API keys.

Prepare for

How are users authenticated? Where are blog records stored? How does generation differ from summarization? What are Gemini/database dependencies? Which cases were demonstrated?

Contribution boundary

Suggested speaking order is not a verified record of individual coding contributions.
